- 25X1 1. [REDACTED] on 17 October 1952, [REDACTED]
25X1 the barracks installations in Cardelegen were vacated by Soviet
25X1 troops and that they were to be occupied by VP air force personnel.
- 25X1 2. After 24 October, leveling work on the landing was resumed by a Soviet air
25X1 force unit of 40 to 50 men who were stationed at the field. The debris of
25X1 demolished installations was being removed, and the area which was previously under
cultivation was being graded. Work continued on 27 October.
- 25X1 [REDACTED] Comment. In early October, it was reported that work at Cardelegen airfield
was discontinued. The information that the barracks installation were vacated for
occupation by a VP air unit requires confirmation.
